

# Court Faces Suit

## Meetings Law Violation Claimed

BY JACK HARKRIDER  
Editor

The Collin County Commissioners Court may face another lawsuit, this time for violation of the Texas Open Meetings Law.

According to Charles Cook, managing editor of the McKinney Courier-Gazette, he filed a formal complaint against the commissioners court Friday afternoon with the district attorney's office, specifically charging the court with holding two illegal meetings within a four-day period last week.

Both meetings, Cook says,

were held without any member of the court giving public notice of the meetings. In addition, Cook claimed, neither the public nor any members of the press was allowed to attend either meeting.

The meetings, according to Cook's complaint, took place Monday afternoon, and again Friday afternoon. In the case of the Monday afternoon meeting, Cook listed three separate actions which he says the court took, in strict violation of the Open Meetings Law.

"...the commissioners violated Section 2 (1) of the

same law by voting or polling on the following matters," the complaint reads. "1) the hiring of Gerald Kunkel as a special investigator for the Collin County sheriff's office; 2) the settlement of a pending lawsuit (this came after legal deliberations with their attorney, George McCleskey); 3) a request by the Collin County district attorney's office."

Concerning the Friday meeting, Cook said in his sworn affidavit that two commissioners, along with county auditor Bill Eubanks, met with County Judge W.G.

Proctor in his office to discuss county business, and that no public notice of such a meeting was given, as required by law.

Cook told the Star-Courier that he and Col. Tom Emerson, the Courier-Gazette's courthouse reporter, visited with Judge Proctor Friday afternoon, prior to filing the complaint, hoping to forestall further violations of the Open Meetings Law.

"We gave him a copy of the Texas Municipal League recommendations on the law and told him we thought he and the commissioners court had been in violation of the Open Meetings Law," Cook stated. "After we explained our position, Judge Proctor refused to talk with us any more about the matter."

"We said we did not want to file a complaint, but would like to see the matter straightened out," Cook continued. "He told us that if we felt anything was wrong, to go right up there (the district attorney's office) and file a complaint. I felt he was wrong, so I did," he added.

Cook quoted Judge Proctor as saying that the people had elected him to run the county and that he would run it the way he saw fit.

"The reason I'm doing it (filing the complaint) is because I feel the public has a right to know what action is being taken by the commissioners in these closed-door sessions," Cook asserted. "I feel that the public should have access to what decisions are being made and the basis for those decisions."

When contacted at his home by the Star-Courier, Judge Proctor refused to discuss the matter, except briefly.

"He (Cook) has filed one over there—let him prove it up," Proctor stated. "I'm

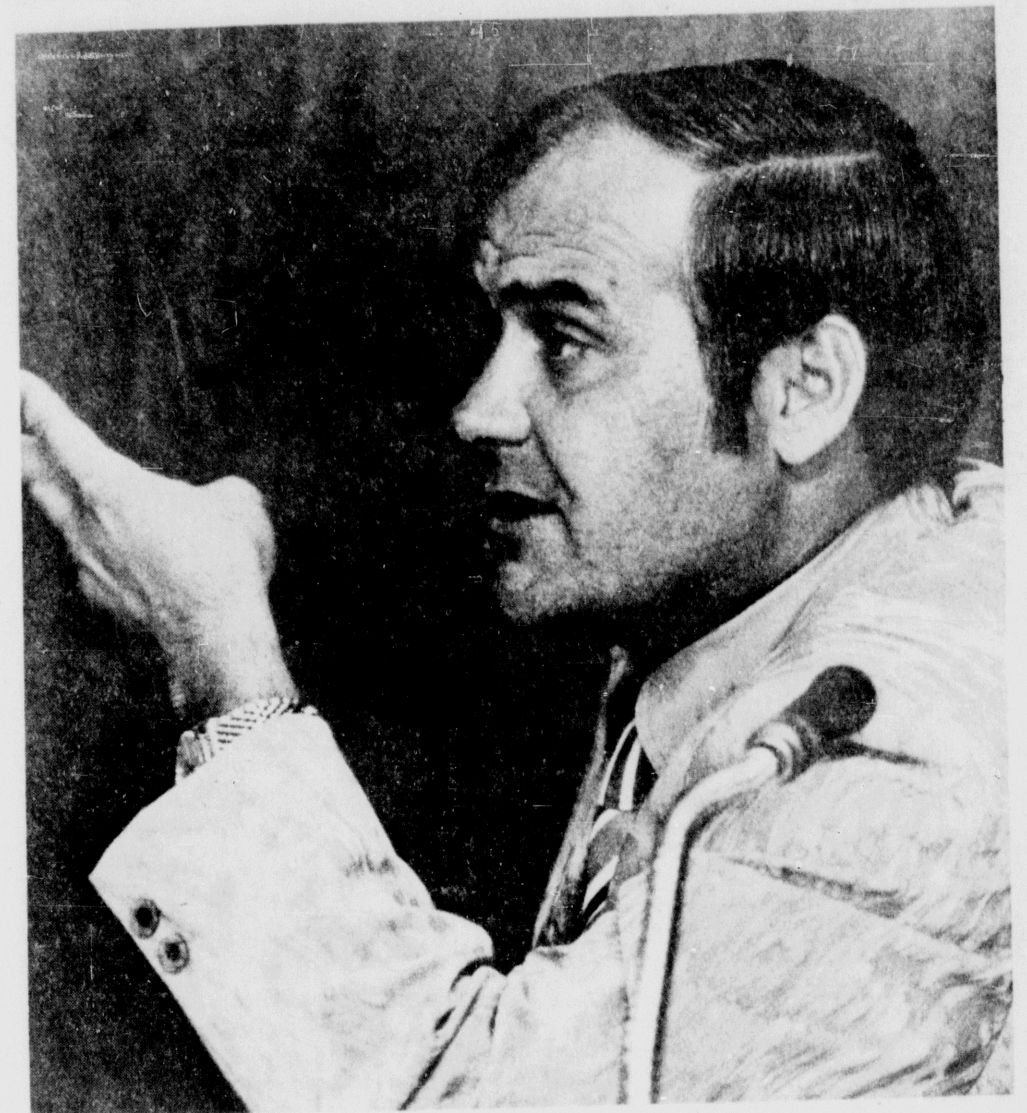

not going to make a statement.

"He'd better be careful what he does. You just print it the way he tells you, and you be real careful about it, too," Proctor continued. "I have no comment to make...not one thing."

Under the current state Open Meetings Law, any member of a governing body who calls or aids in organizing a meeting which is closed to the public, or who closes or aids in closing a meeting to the public is subject to a fine of from \$100 to \$500, and/or imprisonment in the county jail for from one to six months.

In addition, all those who take part in an illegally closed meeting, or are found guilty of trying to circumvent the Open Meetings Law are subject to the same punishment.

Generally speaking, a governmental meeting can be closed only to discuss land purchases, personnel problems, or pending litigation.

Chuck Frisk, shown here emphasizing a point during a Plano city council meeting has decided to use his council experience to give Plano a local candidate for Collin County Commissioner, Precinct 4. An airline pilot, Frisk will run in the Republican primary for the county post. (Staff photo by Mike Newman).

### At Chamber Fete

## Humorist to Speak

Noted humorist, Dr. Don Newbury, will be the guest speaker at the Plano Chamber of Commerce's annual membership meeting and banquet Jan. 18 at the Plano High School cafeteria at 7 p.m.

Dr. Newbury is the director of Community Relations for the Tarrant County Junior College District in Fort Worth, a position he has held since June 1, 1967.

A graduate of Early High School, Dr. Newbury holds a bachelor of arts degree from Howard Payne College in Brownwood, a master's degree from the University of Texas at Austin, and a doctor of philosophy degree from North Texas State University at Denton.

Former positions held by Dr. Newbury include assistant director of college information and instructor of journalism at Howard Payne College and at Sul Ross State University in Alpine. He also worked for the Brownwood newspaper and radio station during his

undergraduate years.

Honors held by Dr. Newbury include past president of the Alpine Chamber of Commerce, finalist in Fort Worth Young Men of Fort Worth honors program in 1968, Distinguished Alumnus of Howard Payne College in 1972, and he is listed in several books of "Who's Who" type, "the kind publishers try to sell honorees who names are listed therein," according to Dr. Newbury.

Dr. Newbury's after-dinner speeches have been delighting audiences for the past several years.

Dan Herod of KYAL will serve as Master of Ceremonies during the banquet, and newly-elected officers for the Chamber will be installed. Retiring and incoming directors also will be recognized.

The Jaycee Awards presentations will be a feature of the program and will be made by Dr. Don Ekval. Categories in which

the honors will be considered are Industry, Policeman, Fireman, Active Young Religious worker and the Larry McDavid Memorial Award.

Tickets are on sale at the Chamber of Commerce office at a cost of \$5.50 per person and should be purchased prior to Jan. 15. For reservations or further information call the Chamber office at 424-7547.

## Old England Not So Merry

### Visiting British Couple Heads Back to Crisis

BY NELDA WHITEHEAD  
Staff Writer

Three-day work week! Sounds great, doesn't it? Until you remember that three days work brings only three days pay. That doesn't sound so good.

But that, my friends, is a fact of life in England these days—a country not considered to pay high wages, even at a five-day-week schedule, according to our standards.

In that country, where damp weather and habitually cold temperatures are par for the course, the fuel crisis has further aggravated circumstances by forcing the English to cut their work weeks to three days, and in general curtail many of their daily activities.

In part, the added reductions came from a six-week-old rail slowdown and a coal miners' slowdown which has plunged the country into what the British government described as the country's worst industrial crisis since World War II.

In the financial district candles were the only lighting available and angry crowds frightened railroad engineers into disguising themselves to avoid their wrath.

The value of the pound has plunged to an all-time low of \$2.27 which, combined with shorter working weeks, decreases the take-home pay of the British working man to a despairing sum.

"England," according to Ernest Carpenter, "is dependent on coal up to 70 percent of their heating and cooking fuel."

"The other 30 percent, Carpenter said, "is a combination of national

natural gas and electricity."

**Plano Guests**  
Carpenter, and his wife, are guests in the home of his son Bob, his wife Margaret, and their three children here in Plano.

The Carpenters are an English family, Bob and his family arrived in this area in June and will remain in the

States for two years. He is employed at Texas Instruments, for whom he has worked in England for the past 13 years.

The elder Carpenters came in December for a month's holiday. He is a retired engineer and, of course, the work week would not affect his retirement but

might well have an affect on home use of energy.

"Never, even without shortages, did the English people ever use as much as is used here in America," Margaret commented. "We were so amazed to see lights everywhere. In England, when it gets dark, we have

Continued on Page 2

Three generations of the Carpenters of England are represented in the above photo. On the left are Bob and Margaret Carpenter who have been living in Plano for the past six months with their three children, Susan, Michael

and Peter. The other couple are Mr. and Mrs. Ernest Carpenter of Bedford, England, who are guests in their son's home. Tea was being served in the traditional English manner. (Staff photo by Mike Newman).

## Frisk Says He'll Run

### Councilman Seeks County Post

Plano City Councilman Chuck Frisk, announced today that he will seek election to the Collin County Commissioners Court, Precinct 4.

The precinct includes a substantial portion of Plano, as well as Allen, Parker, Frisco and the Canyon Creek area of north Richardson.

Frisk has served on the Plano City Council for the past three years after being elected in 1970. He will seek election to the court in the Republican primary in May.

The councilman indicated that he was seeking the commissioner position in order to better represent the rapidly growing southern part of Collin County.

"Although a large portion of county revenue is from Plano taxes, a local resident has never sat on the commissioners court when the budget expenses are itemized each year," Frisk commented.

The Plano population is slightly less than half the county total, yet direct representation has never been present at commissioner court.

"My experience as a Plano city councilman will help me deal properly with the

inevitable growth that the southern part of the county will experience. To keep pace with this growth, we must improve and update the services provided by the county government," Frisk said.

The Commissioners Court is responsible for the administration of an annual budget which is near three million dollars this year.

Frisk also expressed a strong desire to improve county facilities.

"The badly outdated county courthouse and jail are no longer adequate to serve a county with almost

100,000 residents," he said. "County road systems are also in need of improvement." "I would like to see our roads upgraded to the quality of surrounding counties with comparable tax rates," he added.

Frisk indicated that he saw the need for many new things in Collin County, but emphasized that he is basically conservative in money matters.

"We need to examine the established priorities and then take action," he observed.

In addition to his council position, Frisk has served on

the Capital Improvements Committee in Plano and has worked with the Chamber of Commerce. He resides on Westwood Dr. in Plano with his wife, Judy, and their two sons—Chuck, Jr., 9, and Erik, 4. They are members of the First Presbyterian Church.

Frisk is currently in his seventh year as a pilot for American Airlines. He is a graduate of the University of Nebraska and served as an United States Air Force Pilot for five years. He was awarded the Vietnam Service Medal and the Armed Forces Expeditionary Medal.

### Council Meets

## RHA Asks Fee OK

Fireworks are expected Monday night at 7:30 p.m. when the city council will consider an appeal by the Ridgewood Homeowners Association for city approval of assessments levied by the group.

A spokesman for RHA said the association has a maintenance fee written into the deed restrictions and requires an assessment of \$60 a year per family. The deed restriction states that the city may approve of the assessments, and dissenting families in the group claim that since the city has not approved the fees are illegal.

In other business city council is expected to approve a resolution endorsing the route for Loop 9 along the common boundary line between Plano and Richardson as represented by Collin County Exhibit No. Two filed with the Texas Highway Department on Nov. 12.

On Dec. 17, the Collin County Commissioners' Court passed a resolution designating the same route as the "one and only route through Collin County which it is possible for Collin County to acquire the right-of-way by donation."

Plano's resolution would encourage land owners along the route to dedicate the right-of-way expeditiously to insure the construction of Loop 9.

A public hearing will also be held to consider the rezoning of Lots 6 and 7A of the Kendricks First Addition, 170 feet south of the intersection of 15th St. and Ave. G, from general residential to light commercial. Harold F. Simpson plans to open a garden center in the existing structure. Such a rezoning would not be spot zoning

since it borders on light commercial zoned areas.

The council will review a land study of the Ridgewood No. 6 addition. This 42-acre tract is east of Forman Elementary School and south of Timberline Dr. The tract is zoned SF-3 and Centennial Home, Inc., plans to plat the tract into 141 lots.

The construction of a sanitary sewer main outside of the utility easement in Prairie Creek I has caused the replating, subject to council approval, of a small portion of the tract. Since the lots in the subdivision were larger than the required minimum, the affected lots were replatted, rather than move the sewer line.

The council will review two final plats—the Plano Nursing Home and the F.M. Armstrong Middle School addition. The Plano Nursing Home, located south of old FM 344 and east of East Meadows Apartments, is a

2.54-acre plat zoned Office with a Specific Use Permit. The F.M. Armstrong Middle School Addition is an 18.8-acre tract located north of Timberline between Ridgewood No. 4 and Los Rios Additions.

Members also will consider a concept study of a 95-acre school site northeast of the Los Rios Addition. Plano Independent School District plans to build a high school, middle school and elementary school on the site in about five years. The dedication of right-of-ways by written instrument rather than filed plat has been recommended.

Both First National Bank and Greenway Village have requested variances to the city sign code. The band sign would be a "public service" type, and the shopping center sign would list the businesses to be found on the site.

## Time Changes To be Viewed

Plano school trustees are expected to consider a time change for beginning the school day at their regular board meeting Tuesday night at 7:30 p.m. at 1517 Avenue H.

After hearing the December budget report, board members will act on the following items:

- appoint Parent-Staff-Student Calendar Committee for the 1974-75 school year;
- set dedication date for Christie Elementary School;
- approve the Head Start Program for summer;
- call school board election; and
- hear a request from a parent to change transfer policy concerning attendance zones.

The board will also hear a report on the pilot program on safety conducted jointly with the city, and will discuss "Goals for Public Schools" as adopted by the Texas State Board of Education. A discussion of compliance with state civil statutes is also scheduled.

Personnel and site will be discussed in executive session.

Observing tea time, an old English custom brought along to America, is Mrs. Margaret Carpenter who is serving daughter, Susan; son, Michael, and her mother-in-law, Mrs. Ernest Carpenter of Bedford, England, who with her husband, is a holiday guest in the West Plano home. Margaret and her husband, Bob, have resided here since June and will live here for a total of two years (Staff photos by Mike Newman).

Mrs. Griffin  
Speaks To  
Association

Mrs. Golda Griffin will speak at the American Association of University Women sherry party to be held on Jan. 21 at 8 p.m. in the home of Jean Edwards, 7443 Overdale Dr., Dallas.

Mrs. Griffin, a practicing astrologer, will speak to the group on "What Astrology Can Do For You." A member of the American Federation of Astrologers, the Texas Astrological Association and the Cosmobiological Research Association, she has been a student of astrology for over seven years, and now—along with casting natal, progressed and horary charts—teaches classes in natal astrology for beginners, and cosmobiology, an outgrowth of traditional astrology which was developed in Germany.

AAUW members are invited to bring guests, and the charge will be \$1.50 per person.

A real Cockney is he—Ernest Carpenter, a retired engineer from Bedford, England, who is visiting his son and family, Bob Carpenter of 2213 Westridge. To be a Cockney, Carpenter explained, is to be born within the sound of the Bow Bells. Carpenter and his wife will return to England in the middle of January to face a growing energy crisis in that country which he hopes will soon be reconciled.

Continued from Page 1  
little outdoor lighting and use a minimum indoors."

She expressed surprise that our schools and the grounds are so well lighted at night and wanted to know the reason.

The Carpenters are from the Bedford area of England which by some standards could be considered a rural district, but that district is feeling the pinch of shortages, just as is all of England.

When the elder Carpenters left England, a new shortage was becoming acute. With the added use of candles for lighting, candles were becoming extremely hard to buy.

Energy rationing in England is in effect, but it is handled quite well. Power will be cut in one area for one hour and in another area at another hour. Persons are notified at what hour they will be without energy so that they may plan ahead.

Gas Expensive  
Gasoline, or petrol as it is called there, is presently selling for \$1.15 per gallon. "The price of gasoline is really not so bad, considering that we drive so very little in comparison to the driving done in the States," Mrs. Carpenter said.

She explained that first of all the roads are not conducive to long drives, and further that few people drive more than 10 miles to work. Ten miles, she explained, would be considered a long distance to travel to work. "In our country," the

Newcomers Still  
Moving To Plano

Plano welcomed 35 new families last week. The following names were released by the city water department, through the Chamber of Commerce.

The newcomers include Kenneth Corder, 1516 Felix; T.M. Kean, 1600 Sylvan; Eugene F. Miller, 1805 Mercedes; Paul S. Foster, 3012 Cannon Valley, and Jack Morrison, 1821 Redbud.

Also, Wayne Morrison, 3536 Gatewood; Allen Criss, 2409 Sierra; John Masson, 1617 Ave. K; Eriskine Hightower III, 1764 Fireside; and J.A. MacMullen, 2601 17th.

Also, Richard Moarison, 6003 Green Oaks; Yung Lee, 1209 Platt; Daniel Meyers, 1745 Crystal Way; David Mercer, 1509 Felix; and Richard L. Polin, 6006 Green Oaks.

Also Lester Powell, 6005 Green Oaks; Wendel Griffith, 6009 Green Oaks; Tom E. Johnson III, 925 Shenandoah; Ronald Flagel,

Carpenters emphasized, "we have always been conservative with our fuel and energy. The country is damp and cold, so we learned to wear warm clothing as we used less fuel."

But while things look dark (and are dark, for that matter), there is hope in England's energy future.

"By 1980, the English hope to be self sufficient in natural gas," the family informed us.

Gas Field Found

A field has been discovered in the North Sea and is now being developed. Coal, the major commodity is now being dug from beneath the sea, which tends to make the coal miners' job somewhat more dangerous.

In addition, Bedford and North Bedfordshire could be sandwiched between two nuclear power stations in the 1980s. The Central Electricity Generating Board disclosed in November that they are to investigate a site for a possible nuclear power station at Molesworth, just over the North Bedfordshire border in Huntingdonshire.

Away from the energy crisis, the Carpenters expressed delight at being in the States, saying the children are very happy in the schools and that all of them are enjoying some of the comforts not found in England.

It is a new way of life. In England, walking to the grocery store was commonplace, but now that Margaret knows the supermarket is too far away

for that, finds she must have transportation.

Also, they still feel a strangeness when they see armed police and expressed a bit of awe, as no police in England is ever armed.

It was this reporter's pleasure to finally meet a real Cockney Englishman. The elder Carpenter is a real Cockney and he explained that to be known as a Cockney, one must be born within the sound of the Bow Bells. Often their accent differs from that of other Englishmen, but there was no Cockney accent when he spoke.

"I have traveled a lot, and perhaps picked up a bit of all the accents, so I sound just like all other Englishmen," he observed.

Tuesday, the parents will return to England and try to adjust to problems that seem to keep popping up in the English economy. Probably their main concern is that they ordered their oil supply delivered during their absence.

"I certainly hope it will be there when we get home," Mrs. Carpenter mused.

And so do we, for there's nothing colder than an English winter.

# BSP Council Holds Meeting

The Beta Sigma Phi Plano City Council met Monday night, Jan. 7 in the home of Bonnie Foskett. The business meeting was led by the President, Janie Walker. It was announced that Georgia Rosser, who was recording secretary, has moved to Fort Worth, and her position has been filled by Cindi Adams of Alpha Zeta Nu.

Dance will be held on Feb. 9 at the Northpark Inn from 9 p.m. to 1 a.m., and "The Mystics" will furnish the music for the formal evening.

Posters advertising the garage sale, with proceeds going to the family of Jason Oliver, will be on display soon for the sale to be held on Jan. 17-19 here in Plano.

The next meeting will be held on Feb. 4.

## With Full Programming

# YMCA Opens Ninth Year

BY BILL BOTTS  
Y Director

The Plano YMCA is beginning its ninth year of operation in offering programs for the youth of Plano.

The YMCA was brought to the Plano area by the Jaycees in 1966 and started as an extension of the Richardson YMCA. The first campaign produced \$3,500 and was the start of one of the most amazing success stories of any YMCA in the Dallas area.

In 1967, the YMCA had 100 boys in its sports program. The YMCA philosophy was then and is still today, the boy first, the sport second. The YMCA uses this philosophy so that all boys are allowed to participate in each game. The YMCA feels that if a boy comes to practice, he should have the chance to play in a game.

"We realize that at this early age, boys mature at different levels and it would not be fair to not let a boy participate in a real game experience," States Bill Botts, YMCA Director.

The YMCA offers sports for boys in the first through the eighth grades in football, basketball soccer, wrestling and baseball.

The sustaining campaign goal was \$5,000 and \$10,000 was reached during the second year of operation. This was when the Plano YMCA hired its first full-time director.

In 1968, the YMCA sports program grew to over 200 boys, and the Indian Guide program was started for

father and son. The YMCA also offered several girls' activities, swimming lessons, day camp and classes. The sustaining campaign grew to \$17,500 and was successful.

In 1969, the YMCA added its second full-time director. Junior high sports for seventh and eighth grades were started, and the YMCA grade school sports program continued to grow, as did the Indian Guides. More programs were offered to girls, and day camp and swimming were much larger than 1968. The sustaining campaign reached \$23,000 in two weeks.

In 1970, the active membership increased to 750, with a large growth in the Indian Guide program. Boys' sports had over 800 boys participating in football, basketball, soccer and baseball, and the girls program was involved in swimming, day camp, classes and trips. Summer day camp for boys had over 100 boys attending camp. The sustaining campaign raised over \$34,000 and retired the Everts Award, offered by the Dallas YMCA.

In 1972, a large growth was recorded in the history of the Plano YMCA. A full-time girls' director was hired to handle girls sports, including basketball, gymnastics and softball, to expand all programs for girls.

The 1972 Boys' sports program had over 1800 boys, from the first through the eighth grades, participating during that year. Indian Guides had over 500 boys and

dads involved in that program. The purpose of Indian Guides is to develop an early relationship between a boy and his dad through planned activities. Tiny tot swim for boys and girls, ages 3-6, taught in private pools, had 430 youngsters learning to swim, while over 500 boys and girls, ages 7-12, were involved in our regular swim program. The sustaining campaign reached over \$37,000 in its drive that won all award offered by the Dallas Metropolitan YMCA.

The Plano YMCA has experienced a tremendous growth in 1973. We have more than doubled our membership, well over 2300 persons. The YMCA opened the first phase of our building program by the opening of the New Y pool in West Plano in June. This gave the YMCA more potential in aquatics, including free swim, more teams, scuba diving, and more family activities at the pool. The sports program continued to grow in all phases, football. Basketball, wrestling, baseball. The girls activities also continued to grow. Our sustaining goal for the 1973 fund drive was \$38,500 and was very successful.

The Plano YMCA will begin the year of 1974 in its new building located in West Plano. In addition to the executive director, Bill Botts, the Y now has two full-time program directors, two full-time secretaries and a part-time girls' director.

The YMCA has more programs and activities planned than ever before. The Y sports director, Larry Henderson, has just completed a successful football season and is beginning his basketball season. The sports program also includes wrestling, soccer, volleyball, baseball and swim team for future activities. Junior high activities are also included in the sports program.

The girls have just completed their basketball and gymnastics program under the direction of Rita McKissick, girls' program director. The Spring program will include volleyball, swim team and

soccer for girls in grades 2-9. The Indian Guide and Indian Princess program is under the leadership of Jim Curtis. There are over 550 boys and dads in the Indian Guides, and 280 girls and dads in the Indian Princess program. There are planned activities for these tribes, including campouts, yard sign distribution and other activities for the Spring.

The Plano YMCA is planning more family oriented activities in the coming year. Jim Curtis is also family director for the YMCA and has family programs planned for the Spring and Summer. Special nights will be set aside at the pool for family members to enjoy the pool area.

A Spring family camp is planned at Camp Grady Spruce on Possum Kingdom Lake. Canoe trips are being planned for the family and also for just mom and dad to be scheduled in the Spring. If possible, trips will be planned for the family during the Summer on the YMCA bus. Adult mixed volleyball will be offered in the Spring to adult members of the Y. We have had a women's exercise class for several sessions and was combined last Fall with swimming class.

With the completion of our new building and our new pool, we feel that we can continue to offer good Christian programs to our community. Our sustaining goal for the 1974 fund drive is \$45,000. This is a tremendous challenge for the YMCA and the community. We feel the drive will be successful and that Plano will continue to support the YMCA.

How long has it been since a dentist checked your teeth? Once a year is the recommended frequency for dental checkups.

# Obituaries

## Mrs. Queenie Pearl Fleming

Funeral services for Mrs. Queenie Pearl Fleming of 4700 King St., Greenville, were held Wednesday at 2:30 p.m. at the Johnson Street Church of Christ, with Allen Souder officiating.

Mrs. Fleming was a resident of Plano for the past eight years and had just moved back to Greenville. She died in her home Jan. 6.

Born in Clarksville, in 1907, she was married to Willie Fleming in 1925. She was a member of the Johnson St. Church of Christ in Greenville.

Survivors include one son, Paul of Greenville, and two daughters, Mrs. Jack Mason and Mrs. Emerson Miller of Plano. Also, four sisters: Mrs. Palmer Mosier of Warsaw, Mo.; Mrs. Calia Duncan of Fenton, Mo.; Mrs. Pauline Chamberlain of Wichita Falls, and Mrs. Dimple Gibbons of Nocona. Other survivors include

five grandchildren: Ronnie Miller, Mrs. Janet Simmons and Miss Judy Mason of Plano, and Terry Fleming and Chris Fleming of Greenville.

Nephews served as pallbearers, and burial was in Memory Land Memorial cemetery.

## Janet Shieldes Hosts Sorority

Mrs. Mike (Georgie) Farmer was welcomed as the first pledge of Alpha Lambda Upsilon Chapter of Beta Sigma Phi in an impressive candlelight Ritual, Jan. 8, in the home of Janet Shieldes. She received the pledge pin and a bouquet of yellow roses from Sherry Chase, president.

Parents of two children, Robbie and Jenny, the Farmers have been in Plano for one year, coming here from Los Angeles. He is an employee at Electronic Data Systems.

Hobbies for Mrs. Farmer include tennis, antique

hunting, needlepoint and handicrafts.

Members of Alpha Lambda Upsilon attending the meeting were Mrs. Sherry Chase, Mrs. Mary Kay Owens, Mrs. Kathy Dowdy, Mrs. June Wadley, Mrs. Norma Collier, Mrs. Sondra Kinsey, Mrs. Nancy Simmons, Mrs. Wilma Sullivan and Mrs. Janet Shieldes.

During the month of December, the sorority was involved in several social events including a progressive dinner and a gift exchange party.

## Busy Month Set For Chapter

Pam Dahl hosted the first meeting of the year for Alpha Delta Lambda Chapter of Beta Sigma Phi.

A letter was read from the international office, urging members to form car pools to get to and from meeting to conserve energy.

Plans were discussed for a girls progressive dinner to be held Tuesday night, Jan. 15 at 7 p.m. Also on the slate is a couple's party to be held at the end of the month and includes games such as "Crazy Bridge."

Under service, birthday cakes will be taken to Plano Day Care Center by Henrietta Gallardo and Jan Wheaton. Also, the garage bills for Jason Oliver will be

held on Jan. 17-19, with four chapters taking part in the project.

The program for the evening was entitled "Obsolete and Precious" and was given by Pam Dahl and Jan Wheaton. Members discussed antiques and collections they had in their homes.

Following the business meeting, a Scandinavian Almond Butter Cake with hot orange sauce was served by Linda Mohr and Pam Dahl.

Moose hunting is a popular sport in Minnesota, where hundreds of the big animals were taken during 1973. Racks of antlers between 54 and 59 inches were common.

### Engaged

Mr. and Mrs. Robert E. Pettit of 1505 Judy Dr., announce the engagement of their daughter Debra Kay, to John J. Korbelle, son of Mr. and Mrs. Willaim J. Korbelle 1509 Westridge Dr. Miss Pettit is a 1973 graduate of Plano High School and is employed at Hagger Slack Company in McKinney. Korbelle, also a 1973 Plano High graduate, attends Texas Tech University at Lubbock. The couple plan a March 2 wedding date.

1301 Ave. K 424-4111

## Women's Group Plans Meeting

The Plano Republican Women's Club will meet at the home of Mrs. Lee K. Arnold, 2504 Briarwood Dr., at 9:30 a.m. Tuesday, for a coffee social, with the business meeting to begin at 10 a.m.

Jim Glasgow of Longview will be the guest speaker, presenting an up-to-date view of state politics. Glasgow is former

Republican County Chairman of Gregg County and is currently chairman of District Two for the Republican Party of Texas. There are eight northeastern Texas counties in District Two, including Collin County.

Mrs. Glasgow will accompany her husband to Plano.

All in the Family

Teaching became a family affair this week for Ted and Carolyn Dickey and sixth grade students at Christie Elementary. By chance Ted and wife Carolyn found themselves teaching the same science class at the school, he as a volunteer anatomy instructor and she as a substitute teacher. (Staff photo by Mike Newman)

Collection Highest Ever

Revenue Figures High

Revenue collected by the Collin County Clerk's office jumped from \$133,824 in 1972 to \$148,253 in 1973, according to County Clerk James Webb.

This represents the highest figure ever collected by that office, according to Webb.

ACS Seeking Contributions For Research

A gift of life in the form of a contribution in memory of a loved one will help support the American Cancer Society's program in the conquest of cancer. These memorials may be made in any amount the contributor desires and will honor the dead as well as help the living.

Mrs. Vivienne Andrews of 1725 Westridge Dr. will accept such memorial checks, or cash payment may be made directly to her. A card of recognition will be sent to the family of the deceased. For information call 424-0614.

The American Cancer Society solicits the cooperation of every individual in its search to conquer the dreaded disease. Great advances have been made over the years and with continued support and constant research a discovery to stop cancer will become a reality. Mrs. Andrews was appointed memorial chairman by Mrs. D. Lawson, 1974 residential campaign chairman of Plano.

the clerk's office issued a total of 181 marriage licenses, a substantial increase over the 696 issued in 1972.

There were 212 probate cases handled by the clerk's office during the year, and each one had to be filed and processed.

Webb said there were 27,472 instruments concerning land titles filed during the past year, an increase of 2,700 over the past year.

Collin County also showed an increase in population

through natural means in 1973, with 752 births recorded and 504 deaths.

Webb further reports there were 65 mental cases handled by the county during the year, and financing statements handled totaled 5,625.

The big trend in shooting preserves in America is to cater to the whole family, with the addition of fishing, archery, clay target shooting and nature trails, according to the National Shooting Sports Foundation.

# Building Industry Healthy

## In Metro Area

Despite reoccurring shortages of materials and some unfavorable financing conditions, the residential building industry in the Dallas metro area is generally healthy and may experience an upturn in 1974, according to a local housing industry executive and a noted economist.

Roscoe Newell, president of the Plano Division of the Home and Apartment Builders Assn. of Metro

Dallas, cites such factors as the Dallas-Fort Worth Regional Airport, and overall population gains as contributing factors in the area's continued growth and economic stability.

Newell noted that population and employment gains of the 1960s are predicted to continue through the 1970s.

During the '60s, he noted the metropolitan area population increased 38.9

percent. At the same time new housing units increased by 41.5 percent, with 91,575 single and 101,997 multi-family dwellings constructed.

Forecasters call for a 35 percent or more increase in the population of the six-county metro area from 1970 to 1980.

"Already during 1970, '71 and '72, some 79,190 single and multi-family dwellings have been built in the metro area," Newell said. He pointed out this is an average of 26,295 per year, representing a 30 percent increase over the average per year during the '60s.

"The new airport is without a doubt a substantial factor in the entire area's economy," Newell added. "It should continue to help accelerate demands for housing not only in the towns closest to the airport, but all of those in the metro area."

Even with continuing high interest mortgage rates, 1974 should be a better year for the industry, according to Dr. Arthur Smith.

Speaking recently before an HAB audience, the Dallas economist noted industry estimates of some 1.5 million units being constructed in the U.S. in 1974. He puts the figure closer to two million, however.

He also had some advice for potential home buyers.

Dr. Smith said that now was the time to buy, basing his advice on his prediction that inflation will continue in 1974 to the tune of seven percent. He said, however, that even at pine percent

mortgage interest rates, the purchase of a new home should receive consideration in view of continuing inflation.

Thirty-seven states now ban bald tires.

## Kinney Honored By Insurance Co.

Pete Kinney of 1421 Hillside Dr. has been honored with an award marking 10 years of association with the Farmers Insurance Group. Making the presentation was Harold Jarvis, division agency manager.

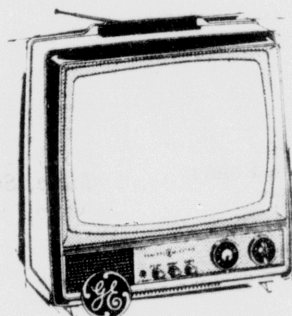

"Your support and loyalty to the principles of service and integrity upon which this company was founded have contributed much to its growth and success," stated Robert E. Early, president, in a letter of congratulations. "Persons such as you, who have had considerable experience with us are a valuable asset. Your con-

scientious work during the past 10 years has indeed helped to make a reality of our slogan 'Superior Service'," he concluded.

Founded in 1928, the company is one of the nation's largest insurance organizations with five million policyholders.

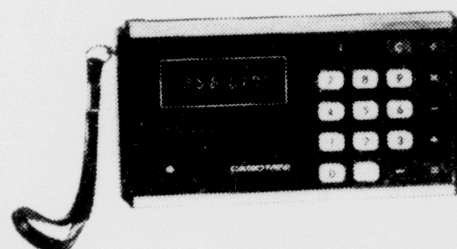

Companies making up Farmers Insurance Group are Farmers Insurance Insurance Exchange, Fire Insurance Exchange, Mid-Century Insurance Company, Farmers New World Life Insurance Company, and Farmers Texas County Mutual Insurance Company.

# White Speaking To Conner Club

Nathan E. White Jr., Collin County Republican chairman and newly-announced candidate for Collin County judge, will speak to the Conner Harrington Republican Women's Club Tuesday morning, at 10 a.m. at the Collin County Republican Headquarters in Plano.

White will explain the new changes in the Texas election laws and the Campaign Contributions and Expenditure Directive for the 1974 campaigns.

White attended the election procedures seminar sponsored by the secretary of state in Austin last week to

**Republican Committee To Convene**

The Collin County Republican Executive Committee will meet Monday, Jan. 21, at 7:30 p.m. at the Collin County Republican Headquarters in Plano.

Nathan E. White Jr., Republican county chairman, states that the upcoming Annual Winter Dinner sponsored by the Republican party will be discussed. Van Nall Jr. has been named general chairman of the Feb. 22 dinner, and Bill Manchew will be ticket chairman.

Other items of business will include designating polling sites for the May 4 primary election, and setting the salaries for judges and clerks.

All precinct chairmen comprise the executive committee, so it is very important that everyone on the committee be present for the meeting, White said.

learn about the new election law changes and how they effect this year's campaigns. As county chairman White has been responsible for conducting, or seeing that the primary elections for the Republican party are conducted, and has assisted James Webb, Collin County Clerk, in other county-wide elections. Also, he has conducted the past two judges and clerks election school for Collin County.

Mrs. Gladys Harrington, president of the club, extends a cordial invitation to all women in Collin County to attend the meeting and hear about the new election laws changes. She says the Conner Harrington Republican Women's Club meets the third Tuesday of each month in homes of the members and at the Republican Headquarters.

Purpose of the club is to better educate women politically and to assist candidates in the campaigns, as well as serving as volunteer workers at the county headquarters.

## At Eastfield College

# Music Festival Set

Three weeks of contemporary music will be heard on the Eastfield College campus beginning Jan. 31 with its second annual Twentieth Century Music Festival.

The 1974 Festival explores musical thought of our time through a series of concerts, lectures, master classes, demonstrations and rap sessions. Featured are musicians of regional, national and international importance who have expressed a commitment to modern music as being a viable statement of man's creative genius.

Headliners for the Festival are John Cage, the acknowledged leader of the avant-garde, and Morton Subotnick, one of today's most important American composers of electronic music.

Also featured will be Cornelius Eberhardt, conductor of the Regensburg (Ger.) Symphony and specialist on Richard Strauss; Thom David Mason, former composer-in-residence to the cities of Dallas and Ft. Worth and currently music professor at Southern Methodist University, and various musical groups composed of Eastfield College faculty and students.

All music featured during the three-week festival will have been written during the twentieth century. This particular period was chosen because serious music in the twentieth century is not being played by established musical groups.

All events are free to the public and will be held on the

Miss Ruta Lee, who has the title role in Country Dinner Playhouse's production of "Goodbye Charlie," shows what happens when a lecherous bachelor dies and returns as a woman, via reincarnation. If you can imagine what it would be like for a man to learn to be a woman, you can visualize the high jinx which takes place in the fast-paced comedy.

# Playhouse Show Excellent

## Miss Lee Gives Great Performance

**BY JACK HARKRIDER**  
**Editor**

In her long overdue Dallas debut, Miss Ruta Lee stars in Country Dinner Playhouse's production of "Goodbye Charlie," and she alone is worth the price of admission.

Admittedly, I've been a fan of Miss Lee for a few years now, but I believe my prejudice is well-founded.

Miss Lee is one of those rare personalities who truly deserve the title of "entertainer"—a person who puts every bit of themselves into their particular act—and that's what Playhouse patrons get when Miss Lee steps on stage as Charlie, the central character.

Briefly, the George Axelrod comedy concerns Charles Sorel, a heartless seducer who is shot by a jealous husband and returns reincarnated as a woman. The title role is one which suits Miss Lee's exuberant personality masterfully.

As the boisterous, lecherous rounder trapped in a woman's body, Miss Lee gives full vent to a broad humorous style which is replete with professionalism and presence.

The role dominates the three-act play and calls for a strong actress. Miss Lee isn't found wanting.

Opposite Miss Lee is Lennard DeCarl as George Tracy, Charlie's best friend. DeCarl also directs the play, and that may account for his tendency to somewhat overplay his role.

It's almost as though DeCarl interprets the role as one of competition with Miss Lee's performance, when in fact he probably would be

## Donnie Wood Is Promoted By US Navy

Donnie M. Wood, whose wife Anita is the daughter of Mr. and Mrs. R.A. Walsh of Plano, was promoted to Navy Aviation Electrician's Mate, Second Class, at the Naval Air Station in Great Lakes, Ill.

A 1969 graduate of Haltom High School in Fort Worth, he joined the Navy in July 1970.

Aviation electrician's mates inspect and maintain aircraft, electrical and instrument system.

highly entertaining.

The first scene portrays a wake for Charlie, and unfortunately, the writing tends to go in the same direction. However, there are one or two high points, and it serves the purpose of establishing characters and circumstances.

The play picks up briskly with the entrance of Miss Lee and proceeds quickly (and laughingly) to its conclusion, which—even though a bit pat—is handled admirably by the troupe.

In retrospect, I find the show to be very entertaining and recommend it to theatre-goers, especially for the opportunity to see Miss Lee in action.

It is my hope that this visit to Dallas will launch a steady display of her talents in this area for years to come. In the words of Lucille Ball, "Ruta is a real pro, and a great broad."

"Goodbye Charlie" will be appearing at Country Dinner Playhouse through Feb. 17, and will be followed on Feb. 19 by "The Reluctant Debutante," starring Joseph Cotten.

Mrs. Richard Van Kleiman

## B. A. Degree Awarded To Mrs. Kleiman

Mrs. Richard Van Kleiman, daughter of Mr. and Mrs. Bill Steele of 2821 Teakwood, has been awarded her bachelor of arts degree in English from Baylor University.

No public graduation exercises were held for Fall graduates. The university's next official commencement exercises will come at the end of the 1974 spring semester. The December graduates are eligible to participate in those exercises.

Degrees awarded included 254 bachelor's degrees and 74 graduate degrees. Ten of the graduate degrees were doctor of philosophy and doctor of education degrees. The Baylor School of Law awarded 49 juris doctor degrees at the close of its fall quarter in November.

Seventeen of the December graduates received the degree of master of physical therapy through the Baylor-U.S. Army Program in Physical Therapy.

In August of 1971, physical therapy became the second U.S. Army Academy of Health Sciences program to receive approval for graduate study with Baylor. Students in the physical therapy, the health care administration and the physician's assistant programs receive their academic instruction at the U.S. Army Academy of Health Sciences at Fort Sam Houston in San Antonio.

Dr. William G. Toldan, vice provost of Baylor and dean of the graduate school that monitors the programs, said the physical therapy program is one of the best in the nation. Toldan said the quality of the students and faculty participating in the program is exceptionally high.

Boxing  
Ends

Plano Optimist Club's Boxing Tournament came to a close Saturday night at Cox Gym. Two Plano fighters are shown in their bouts. At right Danny Vance, and opponent Donald Lewis tangle up. Vance won this match. At left, Blaine Trussell won his decision over Dwight Young. Trussell fought for the light middleweight championship of the tournament Friday night. Results of the Friday night and Saturday matches are not available. Read Tuesday's Star-Courier for results of the tournament.

65-32

Girls  
Beat  
L'Ville

In a smashing 65-32 victory, Plano varsity girl cagers defeated Lewisville in a Thursday night game held in Lewisville. "Holly and Laurie Edwards played outstanding, scoring and rebounding. It was the first district game where the forwards did the job they are capable of doing," Coach Rita Barnes commented.

High point scorer was Laurie Edwards with 18 points followed by Holly, and Ann Robinson both with 15 points. Holly Edwards got the most rebounds off the boards with a total of eight. The defense also did a fine job, according to Coach Barnes.

"The two Edward girls probably made more points than the Lewisville team put together," Coach Barnes added.

The next game will be Monday night against Bonham at the Wildcat Gym. JV starts at 6:00 p.m. with the Varsity following.

Plano Fouls Out to Lake Highlands

'Cats Drop Second 13-AAAA Game

BY ED VOSS  
Sports Editor

Fouls can get you into a lot of trouble and no one knows that better after Friday night than the Plano Wildcats. The 'Cats allowed Lake Highlands 13 freethrow points in the fourth quarter and knocked themselves out

of the game for the final 69-67.

Plano claimed the leading scorer in the game with Don Crume and the second leading scorer with Mark Gassaway's 19 points.

Plano had a bad start in the game, about as cold as a hot dog at a Wylie football

game. Lake Highlands had the locals down 15-2 in the later stages of the opening quarter.

The locals bounced back and took the lead in the second period for a half time lead of 30-29. In the third quarter Plano heaped a little more coal on their fire and

took as much as a seven point margin.

Then came the fourth quarter.

Lake Highlands dug out a defense that melted Plano's stalling. Trying to make up for the final quarter slump, the 'Cats became over aggressive and downright

obvious at times.

Mark Gassaway was knocked out of action with five fouls, three in the fourth quarter. At the point of his ejection from the game, Gassaway was the leading scorer.

The fouls kept right on coming until the final buzzer sounded and that last call was a wallop-a-loser, a technical.

The Plano loss sends them back into the standings at two wins and two losses. Plano has yet to play the two top District 13-AAAA contenders, Sherman and Richardson.

Lake Highlands top men were number 25, Eddie Atwood, with 17 points. Richard Wilson, number 23, capitalized off the fourth quarter Plano fouling with seven freethrows for the final 13 points.

Statistically, Plano led with field goals with 29 rimshots to Lake Highlands' 25. The game difference, fouls and freethrows, gave Lake Highlands the edge with 19 freeshots to Plano's nine.

In the Junior Varsity game, Plano came out on the bottom side 57-54. The 'Cats

had trailed all four quarters. Plano's top scorer was Kent Gaddis with 18 points. David Pettit got 13 points and Sammy Bickham registered seven points.

Six point scorers were Brooks Wallace and Scott Cox while Dave Little rounded scoring out with four points.

The JV completed the game with 38 percent of field goals good.

Gaddis and Bickham were the top defensive men, each

with six rebounds. Plano's next game will be Tuesday, at Wildcat Gym, hosting the Paris Wildcats.

Bowman Rallies, Beats North

Two of the Bowman Junior High's Radier basketball games went into overtime action against North of Richardson opponents Thursday.

In the freshmen game Coach Fred Cokeman's team came out on top 49-46,

the eighth grade lost their game 36-26 and the seventh grade dropped an overtime decision 45-35.

The Raider freshmen team really pumped effort into the final minute of their game to come back six points to tie the game up 45-45.

The frosh win over North gave them a tie for the standings second spot.

"Our team play was good," Coach Andy Coleman said. "Our guards lead the way with good assists throughout the game. Our inside men controlled the boards. North got only one shot at the basket each time."

Standouts on the Raiders' offense were John McKenzie with 14 points, Tony LaPlante with 13 points, Tom Quigley getting 11 points, Brad Orr with four points. Rounding out scoring were David Terry with two points and Doug Fleming with one point.

Top defensive men in the game were Reggie Stimpson, LaPlante, McKenzie, Fleming, Terry, Orr and Quigley.

Bowman had trailed in the game the entire distance before making their rally pay-off. The first quarter found the Raiders down 18-12, the second quarter 28-27 and the third quarter 34-33.

The next game for the Raiders is against the conference leading West team, undefeated at 6-0.

In the eighth grade game Coach Basil Clark said his team will have to shake-off the loss to North, 36-26, and work hard for West.

Larry Webb was the leading scorer for the Raiders eighth with 10 points. Steve Huber got eight points.

Top defensive players were Keith Bounds and C.M. Pier.

"Both boys had several rebounds and hustled real well," Coach Clark said. The Raider eighth will play West there Monday.

Coach Ronnie Hart's seventh grade team went into overtime but came out on the bottom side 45-35.

Bowman had built up a big lead but North consistently hammered away finally getting the Raider's best.

Bowman was ahead 24-12 at halftime and had ten points on North at the start of the fourth quarter 30-20.

"These young men will have to learn how to play under pressure as they grow older," Coach Hart said. "Thursday's game was an example of what happens. This team will get better."

Westwood Beats  
Wilson Frosh

Wilson Junior High School's seventh grade basketball team was the only Ram outfit to post a win Thursday in games with Westwood. The seventh grade won 20-17, the eighth grade lost 27-22 and the freshmen were defeated 51-48.

"Offensively we did not make our shots the first three quarters," Mosley said. "In the fourth quarter our shots began falling and we almost pulled the game out, had the clock not run out on us."

"Freethrows hurt us very much," he said. "We made only four of 13 shots for 31 percent. If we had shot 50 percent we could have won."

Jim Bob Puckett was the Rams top scorer with 15 points, followed by Scott Ashby with 10 points.

The freshmen will play their next game against Forest Meadow there at 4 p.m. Monday.

In the eighth grade game the Ram cagers were shutout completely the second quarter and lost 27-22.

"We had trouble getting offensive rebounds," Coach Joe Barnett said. "We weren't getting enough shots and weren't shooting well. I know this team will bounce back and play a lot better game Monday."

John Gaddis was Plano's leading scorer with 11 points while Joe Blizzard cracked the net for four points and Chris Johnson got three points. Leading defensive players in the game were Johnson, Brad Long and Kip Yoder.

The eighth grades next game will be Monday Jan. 14 at Ram Gym against Forest Meadows.

Coach Randall Chaddick and Jerry Sander's seventh grade team continued to play excellent defense in beating their Westwood opponent 20-17.

"We did an excellent job on defense," Coach Chaddick said. "This effort on defense has contributed

Question:  
**Is Lone Star doing  
everything it can  
to hold down costs?**

Answer:  
**Yes!**

We're operating more efficiently than ever before. But our costs are going up none the less... just like yours.

For instance, the interest rates on money we have to borrow for constructing new gas supply systems have increased dramatically. These rates have recently been at all time highs.

Within the last 18 months, we have invested nearly \$100 million:

- to build a large diameter, 400-mile pipeline from West Texas to the Dallas-Ft. Worth area,
- for other facilities along this pipeline,
- to attach major new reserves and
- to pay for well drilling by producers...

all for the purpose of assuring continuing natural gas supplies to our customers.

These investments don't even include the cost of all the gas we must buy to fill the line. In 1969, natural gas

cost us about 19 cents per thousand cubic feet. Recently we paid more than 85 cents for major new supplies. And the price is still rising.

Costs like these are the price Lone Star must pay for your continuing natural gas supplies. It's important that you understand our need for adequate rates so we can continue to deliver clean gas energy to your home for winters to come.

We're doing everything possible to hold down controllable costs. But even with gradual rate increases, natural gas from Lone Star will still be your most economical and efficient non-polluting fuel.

**Lone Star Gas**  
Clean Energy for Today and Tomorrow

# Wildcat Swimmers Outscore Jesuit 98-69

Jesuit swimmers were uprooted by the Plano High School team Thursday night 98 points to 69 points. Wildcat Coach Lee Wilson was pleased with his swimmers' performances but not with the Jesuit roster.

Wilson was hoping this would provide top notch competition for his team but the Jesuit coach had benched four of his swimmers for disciplinary reasons and Plano ran away in the meet. Wilson said had Jesuit used their four benched swimmers the meet would have probably gone down to the wire.

"I was hoping the meet would be closer to give our team the feeling of pressure which they really haven't had thus far," Coach Lee Wilson said. "This is not to say I wasn't pleased with our team, because they swam well."

Most of the Plano team members either equaled or bettered their best marks of the season. Coach Wilson is hoping for some tough meets to get those members that have qualified for the regional meet mentally prepared.

Two Plano swimmers added their names to the list of qualifiers for the regionals. Mike Coley will

enter the 50 yard freestyle and Frank Woodward the 500 yard Freestyle.

"I was real pleased with Frank Woodward and Curt Roeder," Coach Wilson said. "They both did real well, especially Frank. He

dropped his time three seconds in the 500 Freestyle to place second. It was a great swim."

Plano won five of the 11 events.

In the first event, 200 yard Medley Relay, Coach Wilson

used strategy and the Wildcat teams placed second and third.

Second members were: Tony Adkison, Steve Northcutt, Frank Woodward and Paul Davis. Members of the third place team were Jon Marshall, Bruce Walker, Bill Thomas and Bill Daniel.

In the 200 yard Freestyle Steve Bolin swam to first place in a time of 2:06.4. Curt Roeder was second with a 2:10.9 mark.

Plano got second and third places in the 200 yard Individual Medley. Steve Northcutt was second and Bill Thomas third. In the 50 yard freestyle, Mike Coley was third and his regional qualifying time of 25.2. Randy Arnell was fourth and Mark Lauritzen was fifth.

In one meter diving, Dickie Sharber was first, Perry Jones second and Larry Sullins fifth. Frank Woodward was second in the 100 yard Butterfly and Curt Roeder was third.

Mike Coley was third and Mark Lauritzen fifth in the 100 Freestyle. Woodward swam a good race in the 400

yard Freestyle winning in a time of 5:48.6.

Jon Marshall placed second in the 100 yard Backstroke while team mates Bill Daniel and Tony Adkison placed third and

fourth respectively.

In the 100 yard Breaststroke, Steve Northcutt placed first in 1:10.5 with Walker placing second and Thomas placing third. Plano swept the first two

places of the 400 Freestyle Relay. The first team finished in 3:51.2 comprised of Jon Marshall, Curt Roeder, Mike Coley and Steve Bolin. The second place team finished in a time

of 4:16.0. Relay members were Bill Daniel, Paul Davis, Mark Lauritzen and Tony Adkison.

Plano's next meet will be against Woodrow Wilson Tuesday in Dallas.

Tony Adkison, swimmer for the Plano High School team, placed in three events in the Wildcat defeat of Jesuit Thursday. Adkison was a member of the 200 Medley Relay team that placed second, placed fourth in the 100 yard Backstroke and was a member of the second place 400 yard Freestyle Relay. (Staff photo by Mike Newman.)

## Junior High Standings

Two teams are undefeated in their respective grades going into Monday's district junior high basketball games.

West of Richardson is undefeated in the ninth grade division with a 7-0 record. Bowman is tied for second with a 5-2 record.

Heading up the eighth grade is Richardson Northwood at 7-0. Plano's Wilson eighth grade team is in second place with a 6-1 record.

In the seventh grade slot Lake Highlands leads the district with a 7-1 record. Wilson Junior High is in second place with a 6-1 record.

# POLLY'S POINTERS

## Do bread boards need built-in TLC

By Polly Cramer

**Polly's Problem**  
DEAR POLLY — Recently I bought a small bread board and I seem to remember reading somewhere that such boards should be treated before using. Can someone tell me about this? — MARY B.

DEAR POLLY — My Pet Peeve is with the way labels are sewn in clothing. Many times I have had to cut washing instructions or the brand names out of jersey tops or dresses because they are sewn right in with the zipper and would get stuck when trying to get the zipper up or down. They could be easily sewn in a side seam so as not to interfere with the zipper. Many labels are also placed so they bother the back of one's neck. — MARY ANN.

DEAR POLLY — I want to tell Betty M. that long ago I decided not to be "held up" by having to buy more material than was needed for making something with a pattern. I do not buy the pattern and material the same day. I buy the pattern and then select the material so as to know the width, etc. and then go home with just the pattern. I tape newspaper together to make strips of it the same width as the chosen fabric and then lay the pattern on the paper and not always the suggested way. Only the really required amount is bought and I am often saved from buying an extra one-half to one yard. It does take a bit of experience to figure out different ways to lay out patterns so as to be sure the nap, stripes, plaids or whatever run right. — FRANCES.

DEAR POLLY — and Betty M. — I save all scraps of material left from my sewing and then cut them into squares to make a quilt top. All the work can be done on the sewing machine and if the machine does the zigzag stitch the pieces can often be just butted together. — S.C.

DEAR POLLY — I wonder if department and some grocery store managers realize that the stores are much too hot for shoppers to be comfortable. They could certainly turn their thermostats down in view of the current energy crisis and their customers would be even more comfortable for shopping. — MARIAN.

DEAR POLLY — Refrigerators are usually not totally destroyed in a fire so whenever going on a short trip or vacation I find one makes a great place for storing a metal file box of valuable papers such as deeds, insurance policies, etc. — PAT R.

by Bernice Bede Orol

For Sunday, January 13, 1974

**ARIES** (March 21-April 19) Harmonious conditions prevail for you today in over-all relationships with others. Friends are a source of pleasure.

**TAURUS** (April 20-May 20) Tasks you set your hand to will turn out to be labors of love. Be active in the productive sense for a worthwhile day.

**GEMINI** (May 21-June 20) This is your day to sparkle in a social atmosphere. Members of the opposite sex will find you especially charming.

**CANCER** (June 21-July 22) Your cherishing instincts will be very evident today. You'll be at your best if you have someone to love, fuss over and spoil a little.

**LEO** (July 23-Aug. 22) Answers will come easy to you now regarding something you've had a problem deciding on. Stick to today's decisions.

**VIRGO** (Aug. 23-Sept. 22) Conditions that relate to your work or career are offering larger promise. This will reflect itself in your bank balance.

**LIBRA** (Sept. 23-Oct. 23) Over the next few days assume a more active role where initiative is required. Now is the time to push your self-interests.

**SCORPIO** (Oct. 24-Nov. 22) Your instincts should be telling you to keep an eye out for one you love and to gently guide him when you can.

**SAGITTARIUS** (Nov. 23-Dec. 21) Influences that have an effect upon true friendships are presently under ideal aspects. Mutual benefits will result.

**CAPRICORN** (Dec. 22-Jan. 19) You are being held in much higher esteem than you realize at this moment. Don't do anything to change your style.

**AQUARIUS** (Jan. 20-Feb. 19) Much of personal benefit can be accomplished if you conduct all your affairs in accord with your highest ideals.

**PISCES** (Jan. 20-March 20) Joint interests are still your areas of greatest promise. Concentrate on situations where you share equally in a collective effort.

Monday, January 14, 1974

**ARIES** (March 21-April 19) More harmonious conditions prevail today where personal relationships are concerned. A meeting of minds is now possible.

**TAURUS** (April 20-May 20) You will get greater enjoyment from your work over the next few days and you'll find co-workers more co-operative. Be productive.

**GEMINI** (May 21-June 20) You're very lucky for the one you care for. He's equally fortunate for you. What you collectively do benefits both.

**CANCER** (June 21-July 22) Any changes you're thinking of making that will affect the family as a whole should work out well at this time.

**LEO** (July 23-Aug. 22) Today and tomorrow, schedule activities that won't tie you down. You'll do better if you handle things personally.

**VIRGO** (Aug. 23-Sept. 22) Financial dealings look favorable at this time. Money should be easier to come by. Ask for what you want if bargaining.

**LIBRA** (Sept. 23-Oct. 23) You're in a fortunate cycle if you use initiative. Concentrate on your most important projects. Be positive. Expect success.

**SCORPIO** (Oct. 24-Nov. 22) Over the next few days you'll be able to see opportunities where others can't. Keep your own counsel, follow your intuition.

**SAGITTARIUS** (Nov. 23-Dec. 21) You will find a better method to handle an involvement important to you. Make the change. Don't just talk about it.

**CAPRICORN** (Dec. 22-Jan. 19) A key individual will be willing to help you attain your goals. Don't broadcast what he can do for you.

**AQUARIUS** (Jan. 20-Feb. 19) Your judgment is particularly keen today. Do your own thinking. Act upon your own conclusions, not those of outsiders.

**PISCES** (Feb. 20-March 20) Conditions are developing whereby you stand to gain through arrangements with others. Keep up with matters of joint interest.

**It's About Time**  
HOLLYWOOD (UPI) — George Marshall, 81, will play his first movie role in "Vrooder's Hooch," after directing about 100 films over 59 years.

**Tall Building**  
GEORGETOWN, Guyana (UPI) — St. George's Cathedral in the heart of Georgetown is believed to be the world's tallest wooden building.

**Best British Film**  
HOLLYWOOD (UPI) — "Ryan's Daughter," which did not win an Academy Award in the United States, has been voted the best British film of the year by a readers poll conducted by the London Evening News.

**Buy's Book Rights**  
HOLLYWOOD (UPI) — Richard Boone, who stars in television's "Heck Ramsey" series, purchased rights to Marjorie Kinnan Rawlings' book, "When the Whippoorwill" for movie production next year.

# CHURCH NOTES

By Nelda Whitehead

**FAITH LUTHERAN CHURCH**...schedule for the week will include Sunday School at 9:15 this morning, followed by 10:30 worship. A youth conference at 6 p.m. will be held at Andersons. On Monday the Scouts will meet and on Tuesday, Sunday School teachers will hold a meeting at 7:30 p.m.

**ASREP** choir meeting on Wednesday followed on Thursday by a regional Pastor's conference. Also women's Bible study 9 a.m. at A. Miller's home. Make it a religious week.

**FIRST BAPTIST CHURCH**...The adult division of Sunday School has begun a four month's study of the Gospel of St. Mark. The theme for the study is "Following the Lord."

The 13-lesson studies for this quarter are divided into four units under the following themes: 1) Christ is Lord, five studies; 2) Responding to the Lord, four studies; 3) Areas of Christ's Lordship, three studies, and 4) The Way of the Lord, one study.

This is the kind of Bible study many person have indicated that they feel a need for and want to do. Students will have the opportunity to look at the book in its entirety, and then to do chapter-by-chapter study. Members of the adult Sunday School classes will be the winners if they will resolve to attend, if not all, at least the remaining sessions.

Effective today, Sunday school will begin at 9:30 and conclude at 10:30. The morning worship will begin at 10:45. This decision was made because of the change from Central Standard Time to Daylight Saving Time.

First Baptist West will make the same changes in hours: worship will begin at 9:30 a.m. and Sunday School at 10:30. No change was made in the Sunday evening schedule, and church training will continue to meet at 6 p.m. Worship will continue to start at 7:15 each Sunday evening.

**FIRST BAPTIST**...The Sanctuary Choir and a group of selected youths will do the dramatization of Dubois' "Seven Last Words" during the Easter holiday. Later in May, the Sanctuary Choir and the Christian Contemporary Singers will combine in presenting "Alleluia," a musical of praise for believers, written by Bill and Gloria Gaither and orchestrated by Ronn Huff. James Fineout has said this is one of the most outstanding Christian musicals he has heard during his music ministry.

Layman's Visitation Breakfast Jan. 26 at 9 a.m.; make reservations by Jan. 23. Also Junior High Fellowship, 7-8-9 grades, today from 8:30 p.m. to 9:30 p.m. in Fellowship Hall.

**CHURCH OF THE HOLY NATIVITY**...Annual parish meeting after 11 a.m. service. Sandwiches, coffee and cold drinks will be served. A nursery will be available for small children, and a movie for all others of school age.

**WESTVIEW CHURCH OF CHRIST**...Sunday worship today, "Special Service with Emphasis on Communion." New adult classes on Sunday morning will study, "John: The Gospel of Belief" and Wednesday evening: "People Centered Christianity."

Jimmy Gale attended the preachers-Elders Workshop at ACC this week. Papers on topics such as "Woman's Place in Church Activity," "Responsible Christian Journalism," and "Authority and Tenure of Elders" and others were presented and respondents heard. We will be looking forward to hearing reports of the activities.

**PICNIC**...That's right, a picnic. A date has been set early so that everyone can make plans for the all-church picnic the second Saturday of March. By the way, it is also a work day to clean up the lot around the building. There is some grass out there and we'll be able to see it, once the rocks and weeds are removed. Mark your calendar.

**FROM THE UPPER ROOM** comes articles written for them by various well known persons. The stories relate to their own personal contact with God and we reprint them with permission from The Upper Room.

It is required in stewards, that a man be found faithful. (1 Corinthians 4:2)

The psalmist said, "The earth is the Lord's and the fulness thereof," and God has made us trustees who will one day have to render an account of our stewardship. Good farming is using the resources of Mother Earth to produce the best possible crops now without impairing its capacity for the future.

As a professor of agriculture, I had a lecture entitled "Old Farming Sayings." I collected scores of them by jotting down what followed when a farmer or farm worker in the course of conversation said, "My father used to say..." Several of these proverbial sayings have contributed to the agricultural tradition handed on from one generation to another and are confirmed in their wisdom by science.

"One of these sayings with a non-agricultural overtone is, "One ought to farm today as if one were going to farm forever, and to live today as if one were going to die tomorrow."

**PRAYER:** Creator of all the earth, grant us such a reverence for life as will save us from sinful exploitation of Thy gifts for our selfish ends. May we seek first Thy kingdom and Thy righteousness that one day we may hear Thee say, "Well done, good and faithful servant!" Amen.

**THOUGHT FOR THE DAY**  
Reverence for God helps us join together the sacred and secular.

Educator, England

## Unique Award Given Fifty-Year Service Certificate

Joe Pete Fuller, maintenance superintendent for the Texas Highway Department at Beaumont, is one of a kind.

Recently, he received his 50-year service certificate from State Highway Engineer Luther DeBerry. What makes it unique is that it is the first such award made and it is the only one that will ever be presented.

Fuller went to work for the Highway Department in 1923, classified as a common laborer. He carried water to road crews.

"I was hired for two weeks and if they didn't kill you in that time, they kept you," Fuller survived those two weeks and a half-century more.

Child labor laws and a mandatory 65-year retirement age in the Highway Department now prevent anyone from racking up 50 years' continuous service.

Fuller's career has other unique aspects. He has never had an accident, for one thing. For another, he has never missed a day of work due to illness.

"I took sick leave once for three days," he recalls, "but it was not due to illness. My wife talked me into checking into a hospital for a physical, but I felt as good as I do today."

In the course of his career, Fuller served as assistant maintenance foreman in Newton, maintenance foreman in Jefferson County and moved to the district office in Beaumont in 1947 as maintenance superintendent.

Fuller and some 9,000 other Highway Department maintenance employees throughout the state not only work to keep roadways and roadsides in good shape for the safety and convenience of the traveling public, but also stand ready to work around-the-clock in bad weather or natural

disasters. It is hard and sometimes dangerous work. Franklin Young, district engineer at Beaumont and Fuller's boss, lauds Fuller: "He truly is a most dedicated employee, both to his work and to the people with whom he works."

"Last year when we had the big snow, I was in Austin," Young related. "I called the office at 9 p.m. and Pete answered the phone. When I called the next morning, at 5:30 a.m., Pete answered again. He

stayed at the office and manned the radio and telephone, keeping in contact with the whole district. This has happened not once, but many times," Young concluded.

In presenting Fuller his service award, DeBerry said: "Most important in Pete Fuller's unique career is that these have been 50 "quality" years. We are not honoring him for merely hanging on to a job for 50 years. Pete gives his best to his job."

**Tom Griffin**  
**CUSTOM HOMES**

A builder of fine residences for discriminating homebuyer in the Plano Area. Tom Griffin is the successful young President of Griffin Developments. Mr. Griffin's experience and education have given him a solid background in all phases of the homebuilding industry. He approaches each new home he builds as a challenge; a challenge to provide his client with the utmost dollar value possible in design, beauty and absolute integrity of construction. Mr. Griffin personally supervises and approves each step in the building of your home, as it progresses from imagination to reality.

**A Place Like No Place Else**

The Country Place in Plano is a place like no other. It's a totally private community with lots of imaginatively exciting things planned right in.

For instance, there's the creative Country Place playground (and even a fishing lake) for the youngsters. Then there are lighted tennis courts, a sprawling picnic area, Olympic-type volleyball courts, and a handsome, tree shaded Clubhouse. And there is a swimming pool for grownups and teens... a wading pool for the small fry.

And the homes at The Country Place are... magnificent. Each is custom designed to fit your particular specifications.

So leave your worries behind, and move ahead to your own very special place - a place like no place else. The Country Place. In Plano.

For Industry

# Districts Are Many

The number of planned industrial districts and parks in the 11-county Southwest Metroplex has more than tripled during the past 12 years, according to a survey by the North Texas Commission's Regional Development Committee. Today, there are more than 150 zoned industrial districts and parks in the 8,360-square-mile region, compared to 40 districts and

Legal Notice

LEGAL NOTICE ZONING CASE

The Town Commission of the Town of Renner, Texas, will hold a public meeting in the City Hall of the Town of Renner, Texas, at 7:30 o'clock p.m., Monday, January 28, 1974, on the request of Secure Trusts for a change of zoning on the following described property to a Commercial - 1 classification, such property being described as follows:

Being approximately 327 acres of land located at the northeast corner of the intersection of Preston Road and Renner Road (Shady Lane Road), such property fronting approximately 2,000 feet on approximately 4,850 feet on Renner Road, such tract being generally rectangular in shape.

As an interested property owner, it is important that you attend this meeting at which time both proponents and opponents of the requested zoning change shall be given an opportunity to present information pertaining to this case.

Signed,  
Anne Reid  
City Secretary  
1-13,15,16

Sealed bids, addressed to the Business Manager, Plano ISD, 1517 Ave. H, Plano, Texas, for a 72-passenger 1962 school bus will be accepted until 2:00 p.m. Feb. 18, 1974, and then opened publicly. Inspection may be made at 1514 Ave. G, Plano, Texas. The school district reserves the right to reject any and all bids and to waive all formalities.

To run 1-13,20

TO WHOM IT MAY CONCERN:

Pursuant to the Texas Miscellaneous Corporation Notice Act, Article 1302-2.02, notice is hereby given that Mr. William L. Young, Jr., of Richardson, Dallas County, Texas, formerly doing business as an individual, operating W. Lamar Young & Company at 1201 Dallas North Parkway, Plano, Texas, 75074, filed Articles of Incorporation for such business on December 21, 1973, under the name of W. Lamar Young & Company, a Texas corporation. Said corporation commenced business on December 27, 1973, and at all times since December 27, 1973, said corporation has been owned and operated as a manufacturer's representative for the sale of sporting goods at that location, and William L. Young, Jr., as an individual, is no longer legally responsible for the debts of said business.

1-6, 13, 20, 27

NOTICE OF PUBLIC HEARING

Zoning Case 73-36  
The City Council of the City of Plano will hold a public hearing in the Council Chambers of the Municipal Building at 7:30 p.m., on January 14, 1974, on rezoning Lots 6 and 7A of the Kendrick First Addition located 170 feet south of the intersection of 15th Street and Avenue "G" from General Residential to Light Commercial.

All parties, both for and against said zoning, are invited to attend and voice their opinions.

MAYOR

ATTEST:  
s- Betty Taylor-  
CITY SECRETARY  
1-6 and 13-74

parks in 1961, Richard D. Jones, executive director of the marketing organization, said. These industrial districts and parks include more than 40,000 acres.

The North Texas Commission is the marketing organization for Dallas-Fort Worth. The Southwest Metroplex, and its NTC's Regional Development Committee is engaged in assisting companies find site locations for operations in the 11-county Dallas-Fort Worth region. The committee is made up of 10 area industrial development professionals and is co-chaired by Dr. Wallace B. Nelson, professor of economics at The University of Texas at Arlington, and Robert G. Lynch, dean of the Graduate School of Management at the University of Dallas.

Dr. Nelson said the recent NTC survey reveals that there are more than 130 industrial districts and parks located within 30 miles of the new Dallas-Fort Worth Airport and that 136 of the parks have 25 acres or more. The survey reveals that 53 parks have between 100 and 499 acres; seven have 500 to 999 acres; and ten have more than 1,000 acres.

A variety of sites on or near major interstate highways, railroads and airport facilities are available in diversified configurations, including restricted industrial districts and parks, research and technological parks and office parks, Nelson explained.

"While some 25 housing square feet of warehousing has been absorbed in the last five year, there are more than 10 million square feet of speculative warehouse space in inventory in the Southwest Metroplex at this time, according to a recent

survey," Jones said. "This space is leaseable at a rate beginning at \$1 per square foot."

The primary reason for this absorption rate and for the large inventory of speculative warehouse space, according to Jones, is that the Dallas-Fort Worth region "is the heart of a growing, diversified manufacturing, distribution and business market that extends into 11 states, and represents 20 percent of the total United States marketing area. The 11-state market has 40 million people, wholesale retail sales amount to \$77 billion. Projections show that by 1975, population of this 11-state area will exceed 41 million.

"During the past two decades the Dallas-Fort Worth region has experienced a healthy growth in the business community," Jones said. "Today, the region is the headquarters for more than 900 corporations with one million dollars or more net worth, and more than 300 of "Fortune" magazine's 500 largest industrial corporations have regional headquarters or major distribution or manufacturing facilities in the Metroplex."

These companies have located in the Metroplex because it is a major financial center and the distribution-transportation hub for the Southwest, he explained.

"The Metroplex offers businesses a favorable labor and tax structure, an abundance of Class A office space at reasonable prices, a moderate climate and other unique and favorable qualities."

## Switchboard Number Given For Veterans' Questions

Veterans of all U.S. Armed Services can now obtain information about veterans' service organizations and agencies through the Veterans' Referral Switchboard, 746-3286.

Recognizing the serious problems faced by veterans returning to rapidly changing communities, the Veterans' Referral Switchboard provides an opportunity for veterans to help themselves and other veterans to solve their problems.

Physically manned by veterans, the Switchboard will answer questions in all areas, from education and employment to general veteran benefits. Any questions arising that cannot be immediately answered will be researched and the caller will be contacted at a later period.

The Veterans Referral Switchboard can also stimulate community veteran programs by providing information about

successful, innovative programs in other U.S. cities.

The Switchboard services veterans of all wars, their families and families of deceased veterans in Dallas County. The Switchboard is open from 8:30 a.m. to 8:30 p.m. Monday through Thursday, and 8:30 a.m. to 4:30 p.m. Fridays.

An answering device has been installed to record calls during all other hours of the week. These calls will be returned as soon as possible.

By Vantage Co.

## Big Center Planned

A community shopping center -- which will be Plano's largest -- is being developed in West Plano by the Vantage Companies. Thomas A. Kenster, vice president of retail development for the nationwide firm, made the announcement.

Located on the northwest corner of FM 544 and

Armstrong Parkway in West Plano, Prairie Creek Town will serve Plano and North Richardson.

"There are almost 25,000 residents within the West Plano trading area who have a median annual family income of \$20,000 and who are not now served by a community shopping center," Kenster said. "Prairie Creek town will be readily

accessible to these residents via Armstrong Parkway, which is being widened to a four-lane thoroughfare, and FM 544, which is being widened to a six-lane divided highway," Kenster added. Safeway's largest store in this part of the country is scheduled to open next month at Prairie Creek Town. The 28,000-square-foot supermarket includes a bakery and delicatessen and occupies 150,000 square feet of land.

Oak Cliff Savings and Loan Association will occupy a 5,600-square-foot facility at the northeast corner of FM 544 and Mollimar Drive. Both Mollimar Drive and Armstrong Parkway will be signalized intersections at FM 544.

Approximately 130,000 square feet of retail space are under development with other major tenants including a major drug chain and a general merchandise store in addition to a variety of boutique and specialty shops.

The five-story Plano General Hospital complex is under construction half a mile west on FM 544. Also west on FM 544 from Prairie Creek Town is a proposed regional shopping center owned by Sears, Roebuck & Co. which approximates 100 acres.

The Vantage Companies are responsible for some \$400 million in commercial real estate development and acquisition across the nation. The retail development division of Vantage is located at the organization's national headquarters at 2525 Stemmons Freeway in Dallas.

### Recognition

Miss Judy Malone, secretary for the Metropolitan Dallas United Way, helped give out certificates of appreciation and individual merit awards during a luncheon to workers in the recent Plano United Way campaign. Sharing the spotlight with Miss Malone are officers of the Plano United Way (left

to right), vice president Alan Johnson, outgoing president Ray Houpt, secretary-treasurer Ray Hearn, and outgoing campaign chairman Jim Stalker. Not shown is the new president, David McCall. (Staff photo by Mike Newman).

## Agricultural Income Is High

### County Sets Record of \$44.8 Million in '73

Agricultural income in Collin County rose to an all-time record high of \$44.8 million in 1973, up 160 percent from the previous year.

The jump in the value of farm products of \$16.8 million reflects, "...better farming and better management of farms and increased production," according to County Agricultural Agent James Risinger.

But, it also reflects a higher cost of producing the

farm products for the farmer, who had to pay more for fuel, labor and equipment during the last year. But, overall it is agreed it is one of the best years in history.

"This illustrates what a great economic impact farming has on the community," Risinger said. "In the case of a recession, a county which depends as heavily on agricultural income will not be affected as heavily as an industrialized county, because most of what we produce are necessities."

The biggest increase was noted in the increase in the value of grain sorghum, where \$10.5 million worth of maize was produced compared to \$2.96 million last year, an increase of \$7.18 million.

There are several factors which contribute to this drastic increase. The first is the price, which jumped from an average of \$1.95 per hundred last year to \$3.75 this year. Secondly, the yield was also up drastically from 1,900 lbs. per acre last year to 2,850 pounds per acre, and third, the total acreage planted in the county jumped from 80,000 to over 95,000 this year. This increase due to other crops, as a decrease in the acreage of cotton, corn, wheat and oats was noted from 1972.

The second, largest increase over last year was noted in hay production, where the value of the 1973 crop almost tripled to \$4.5

million. Ideal weather conditions were a big factor in this increase as yield per acre jumped from one to three tons per acre, and the acreage utilized for hay went up from 52,000 to 60,000.

Price per pound was a big factor in the increase in the value of the cotton crop from \$4.3 million to \$6.6 million.

A breakdown of the county's crops for the year is as follows:

**COTTON**-Total value \$6.6 million compared to \$4.3 million last year. Price up from 22 cents to 38 cents per hundred.

**COTTON SEED** Total value \$1.2 million up from \$378,000 last year. Yield was about the same but the average price increased from 45 to 98 cents per hundred.

**GRAINS**-The value of all grain crops increased with the exception of corn which noted a slight decrease. The value of the grain sorghum crop more than quadrupled

to over \$10 million. Prices of wheat and grain sorghum showed increases over the past year from \$1.95 per bushel for wheat to \$3.75 and from \$1.95 to \$3.75 per hundred for sorghum. Total value of grains produced jumped from \$3.88 million to \$12.4 million in 1973.

**LIVESTOCK** Prices for all livestock went up with the exception of horses. Pigs took the biggest jump with an average price per head rising from \$15 in 1972 to \$78 in 1973. Total livestock production was \$16.9 million compared to \$14.4 million in 1972. Increases were noticed in beef cattle and calves with slight decreases in the value of pigs, sheep, horses, and a large decrease in the value of milk produced.

**GOVERNMENT PAYMENTS** -Government payments were down in 1973 from a high of \$13.46 million in 1972 to \$2.97 million in 1973. This is due cuts in farm subsidy programs by the government.

## Taxpayers Given Deduction Table

DALLAS (UPI) — Here is an income tax return sales tax deduction table for Texans who live in the 600 cities and towns of the state that have a municipal sales tax of 1 per cent on top of the state sales tax of 4 per cent.

The Internal Revenue Service furnishes a table for deductions of the 4 per cent state sales tax but not for municipalities that collect 5 per cent.

The 5 per cent deduction table and instructions were prepared by James C. Hodges, a retired Dallas IRS official who now operates the non-profit tax training service.

The table and instructions for using it to prepare a return on 1973 income follow:

If you live or do your principal shopping in a city that charges 5 per cent sales tax instead of the 4 per cent charged by the state you can use this table to determine the amount of general sales tax to enter on line 14 of schedule A of your federal income tax Form 1040.

If your income was more than \$19,999 but less than \$100,000, compute your deduction as follows:

Step 1—For the first \$19,999, find the amount for your family size in the table.

Step 2 — For each \$1,000 or fraction of it of income over \$19,999 but less than \$50,000, add 2 per cent of the amount you determined in Step 1, above.

Step 3 — For each \$1,000 or fraction of it of income over \$49,999, but less than \$100,000, add 1 per cent of the amount you determined in Step 1, above.

If your income was \$100,000 or more, your deduction is 210 per cent of the amount determined in Step 1, above.

| Income x          | 1&2   | 3&4   | 5     | over 5 |
|-------------------|-------|-------|-------|--------|
| Under \$3,000     | \$ 40 | \$ 55 | \$ 55 | \$ 55  |
| \$3,000-\$3,999   | 53    | 65    | 70    | 70     |
| \$4,000-\$4,999   | 64    | 78    | 84    | 85     |
| \$5,000-\$5,999   | 74    | 89    | 98    | 99     |
| \$6,000-\$6,999   | 84    | 100   | 110   | 111    |
| \$7,000-\$7,999   | 94    | 111   | 123   | 124    |
| \$8,000-\$8,999   | 104   | 121   | 134   | 136    |
| \$9,000-\$9,999   | 113   | 131   | 145   | 148    |
| \$10,000-\$10,999 | 121   | 141   | 156   | 159    |
| \$11,000-\$11,999 | 130   | 150   | 166   | 170    |
| \$12,000-\$12,999 | 139   | 159   | 176   | 181    |
| \$13,000-\$13,999 | 148   | 168   | 186   | 191    |
| \$14,000-\$14,999 | 156   | 176   | 196   | 201    |
| \$15,000-\$15,999 | 165   | 185   | 206   | 211    |
| \$16,000-\$16,999 | 174   | 194   | 216   | 221    |
| \$17,000-\$17,999 | 181   | 203   | 225   | 231    |
| \$18,000-\$18,999 | 189   | 210   | 234   | 241    |
| \$19,000-\$19,999 | 196   | 218   | 243   | 251    |

(x—include in total—adjusted gross income (line 15, Form 1040) and nontaxable receipts such as Social Security, veterans', and railroad retirement benefits, and workmen's compensation.)

If you use this table to determine your deduction, you may add to the amount shown in the table only the sales tax paid on the purchase of the following 5 classes of items: automobiles, airplanes, boats, mobile homes and materials used to build a new home if you are your own contractor.

Taxpayers who do not live in a Texas city having a city sales tax cannot use this table but should use the optional table shown in their income tax instructions.
